## **Peanut, Peanut Product and Tree Nut Policy**

All schools in the Frontier Regional and Union #38 School Districts shall be nut safe. This means that products containing nuts or having had contact with nuts will not be served in the cafeteria nor brought into the school by students, faculty, staff, parents or visitors.

This policy is intended to cover the exclusion of peanuts, peanut butter, tree nuts, tree nut products or products that “may be” produced in a nut facility or on equipment that may also process nut products.
